A Short Glossary of Insults and Off-Color Street Spanish

By Bryce Hedstrom

(Originally published in *Conversational Spanish*, a college-level textbook)

¡OJO! The material in this section is intended to inform adult students. It will not be of interest to all. Students that are offended by off-color allusions should skip this section and any accompanying class discussions. Also, please note that this section is NOT an official part of the class. Regularly scheduled class time will not be used to cover this material. There will be no assignments or assessments over it. Here's how it can help:

AVOID EMBARRASSMENT: I do not cuss often, but I have done so unintentionally a few times after picking up expressions in other languages that I thought were mild interjections. Hopefully this glossary will help to prevent that with my students.

CULTURAL INSIGHT: This glossary can also help to give some insight into cultural values in the Spanish-speaking world. The information is off-color, but literal translations and vulgar slang expressions in English have been avoided. The translations and descriptions are presented in a technical and clinical manner.

HELP FOR TEACHERS: Many teachers that work with Spanish-speaking adolescents have found this material useful because a few kids will always try to test the limits with non-native Spanish-speaking adults. See the quick reference "Cheat Sheet" at the end of this document for portable help. There is also a list of sources for further reading at the end of this document.

B

baboso *NOUN (insult) fool, idiot. Literally "slug", a blathering (drooling) idiot.*

buey *NOUN (insult) ox, clod, or cuckold. This term, as well as most others on this list can be used in a friendly manner like the American expression "dude". The greeting "¿Qué pasó, huey?" is a common one among friends. Also, huey or güey.*

bruja *NOUN (insult) witch, old hag*

C

cabrón *NOUN (vulgar) "Billy goat" is the literal translation, which does not seem all that insulting in English, but in Hispanic culture this is a very strong insult. A **cabrón** is a cuckold—a man that is being cheated on by his woman. It implies that he is either too stupid to realize it, or even worse, that he is too powerless to stop it—a socially unaware and sexually inept fool that cannot keep or satisfy a woman. In the culture that gave us the word machismo, being called a **cabrón** is an extreme insult.*

Like most vulgarisms, this one can be used in less threatening ways, depending on the context and tone of the speaker.

chichi cabrón *NOUN (vulgar)* This is a step up from a regular **cabrón**. It is a powerful insult that can precede violence. It is rarely used in jest, and means something like “f*cking bastard”.

caca *NOUN (not vulgar)* Although often mistaken as the translation of sh*t, and mistakenly used as a strong interjection by gringos, this means nothing more than “poo-poo”. If you really want a strong scatological reference, use **mierda** instead.

caga *NOUN (vulgar)* *feces.*

cagado *ADJECTIVE (vulgar)* Made of or covered with feces, “sh***y”. Can also mean angry, tired, or mad.

cagar *VERB (somewhat vulgar)* to defecate.

carajo *INTERJECTION (vulgar)* used like a very strong version of “hell” or damn”. A carajo is literally the male member of a bull, and so is vulgar. **Caramba** is a euphemism.

chichar *VERB (very vulgar)* to copulate. See **chingar**.

chichas, chichis *NOUN (vulgar)* *breasts*

chichona *NOUN (vulgar)* *a large-busted woman*

chingar *VERB (very vulgar)* This is the big one, the most common and strongest Spanish vulgarism you are likely to hear. It is particularly common in Mexico. Although roughly equal to the vulgar English term f*ck, it carries stronger and more violent connotations. Chingar usually means something more along the lines of “to rape” or “to have violent sex with”, but it can also mean something as mild as “screwed up” or “messed up.” The meaning depends on who says it, to whom it is said, as well as the tone and purpose of the statement.

As with its English equivalent, among the lower classes some form of **chingar** may be used in almost every sentence. Some typical uses and variations follow. See synonyms at **chichar, joder & manajar**.

¡Chinga tu madre! *DIRECTIVE (very vulgar)* This is one of the strongest insults in Spanish—these are fighting words. Perhaps “rape your mother!” would give the general idea, but even that would not quite convey the intensity or degradation expressed in this saying due to the object of the insult. In American culture, the strongest insult may be, “F*ck you!”, possibly because to Americans there is no one more important than the self. In typical U.S. culture, the individual tends to be the center of emotional, social and thought life. But in Hispanic culture, the mother has traditionally held that sacred space. In the Spanish-speaking world, the word **madre** is often loaded with psychosexual and religious meaning. To refer to a person’s mother in this way is an invitation to violence. See **hijo de...; hijo de puta; madre**.

*This insult is so strong and so common that you will want to be careful with it. Even simple phrases containing the words “**tu madre**” may suggest this crudest of insults unwittingly. While this is not a hard and fast rule, you may want to avoid accidental allusions to it by substituting the word **mamá** instead of **madre**.*

Honk it? Interestingly, the five syllables of this insult, one long—two short—one long—one short (like the first part of the old “shave and a haircut...” door knock), are often honked on a car horn or whistled to insult or provoke someone from a distance. If a fellow motorist honks at you this way, it is definitely not a friendly greeting!

la chingada *NOUN (very vulgar) Literally, a woman on whom forcible coition has been performed. It also can refer to La Malinche, the Aztec mistress of and interpreter for Hernán Cortés, the Spanish conqueror of the Aztec empire. La Malinche is often thought of as the great betrayer of her people, as well as the mother of the first Mexican—a combination of European and indigenous peoples. According to some historians and sociologists, this combination of revulsion and respect leads to the ambivalence some Mexicans have about their heritage.*

¡Chinga cagada! *INTERJECTION (very vulgar) a strong and vile interjection involving both excrement and rape.*

chingadera *NOUN (very vulgar) a nuisance, a damned thing, a dirty trick, or a screw-up of some type; a f*ck up.*

¡Chingado! *EXPLETIVE (very vulgar) a vulgar expletive, like “F*ck !” in English*

¡Chingao! *EXPLETIVE (very vulgar) a shortened form of chingado*

¡Chíngate! *DIRECTIVE (very vulgar) a vile (and rather improbable) command*

Chingazo/Chingaso *NOUN (vulgar) a hard physical blow with the hand or a heavy object; also chingadazo.*

tirar chingazos *EXPRESSION (vulgar) “To throw punches”, to get into a fight.*

chingón *NOUN (vulgar) usually used as a compliment—“El es muy chignón” means “he’s really something.”*

estar como la chingada *ADJECTIVE (vulgar) to be as ugly/mean/insensitive/timid/fast/etc. as one can be.*

¡Hijo de la chingada madre! *EXPLETIVE (very vulgar) when said with hateful intent, this is one of the strongest interjections, “son of the raped mother.” The late Mexican writer, diplomat and*

Nobel Prize winner Octavio Paz in his most famous book, *The Labyrinth of Solitude* (a revered collection of essays explaining the Mexican psyche and Mexican history), explained that this is also the way some Mexicans traditionally have chosen to self-deprecatingly describe themselves and their heritage.

¡Vete a la chingada! *DIRECTIVE (very vulgar) a strong and vile insult, literally, "Go to the raped woman!" Used like "Go to hell!", only more intense.*

chota *NOUN (derogatory) insulting slang for policeman, police. See **zopilote**.*

chupar *VERB (inoffensive on its own, but used crudely with other words) to suck*

¡Chúpame! *DIRECTIVE (very vulgar) an extremely vulgar and insulting directive*

¡Chúpame la verga! *DIRECTIVE (very vulgar) same as above, but even more so. See **verga**.*

¡Cierra el hocico! *DIRECTIVE (rude) a crude way of saying "Shut up!" literally, "Shut your muzzle or snout."*

cochinadas *NOUN (this word is not rude, it just refers to rude words) bad, dirty, vulgar or crude words. **tirar cochinadas** = to cuss. From cochino, pig.*

coger *VERB (vulgar in Mexico) literally, "to grab, take, pick up" In Mexican slang: "to have sex with." The word is not generally offensive outside of Mexico. Also **joder**.*

cojones *NOUN (vulgar) testicles, guts, balls, bravery. Also: **huevos**, cajones, bolas, pelotas*

cola *NOUN (rude) rear end, butt, a** ; literally, "tail"*

coño *NOUN (very vulgar) female genitalia, c*nt ; also can be used as a crude interjection used like "damn".*

culo *NOUN(very vulgar) a vulgarism for the rear end, like "a**"*

¡Besa mi culo! *DIRECTIVE (vulgar) "Kiss my a**!" This is a vulgarism, but I have heard it used in a funny way by replacing this expression with the tag line of the famous song *Bésame Fuerte*.*

culero *NOUN (very vulgar) a male homosexual. See synonyms under **joto**.*

nada más sube el culo *EXPRESSION (very vulgar) Said of a woman who can be easily persuaded to have intercourse. See **culo**.*

¡Qué culo! *EXPRESSION (very vulgar) "What a complete a** hole!"*

tener el culo caliente *EXPRESSION (very vulgar) Said of a woman who intensely and habitually desires sexual relations. See culo.*

E

echar madres *VERB (not vulgar) to curse, speak obscenities, literally, "to throw mothers" because the word madre is used in cursing so often*

F

fregar *VERB (not vulgar, just insulting) to annoy, to rub the wrong way*

fregado/a *ADJECTIVE (not vulgar, just insulting) damned, useless, stupid, lousy*

fregada *ADJECTIVE (can be used in a vulgar way) an adjective it can be said of a woman who looks prematurely old due to excessive sexual activity. As an interjection, it means "hell" or "damned."*

¡No me friegues! *DIRECTIVE (not vulgar) Don't jerk me around!*

H

hijo de ... *INTERJECTION (connected with vulgarities) Any serious insult in Spanish will have more to do with an opponent's mother than with the direct recipient of the insult. Many violence-provoking Spanish insults involve some form of hijo de... See comments under Chinga tu madre.*

¡Hijo de la chingada madre! *EXPLETIVE (very vulgar) When said with hateful intent, this is one of the strongest interjections: "son of the raped mother." The late Mexican writer and Nobel Prize winner Octavio Paz in The Labyrinth of Solitude explained that this is also the way some Mexicans choose to self-deprecatingly describe themselves and their heritage.*

¡Hijo de puta! *INTERJECTION (very vulgar) Son of a b*tch! This may not sound like much of an insult to an American's ear today, but it still packs a wallop in Spanish. Alan Riding, 20 year bureau chief for the Wall Street Journal in Mexico City, in his classic description of Mexican culture Distant Neighbors, says this expression is so insulting because of the powerful image of the Virgin Mary, of whom one's mother bears a reflection. It is one of the stronger insults in Spanish culture—accusing the opponent's mother of being prostitute. There are no exact parallels, but the American expression "mother-f*cker" may come close to it in intensity.*

¡Hijo de tu madre! *INTERJECTION (not vulgar) Son of your mother! This is an amusing and rather innocent interjection that sounds like it should mean something insulting because it involves the harmless elements of common vulgar phrases. Kids love using this one because they might get a rise out of an adult without saying anything technically bad that could get them in trouble.*

huevos *NOUN (vulgar)* *Literally “eggs”, figuratively “testicles”. Asking a waiter ¿Tiene huevos? Will likely get you an embarrassing response, so do not use the persona verb tiene and substitute the more abstract ¿Hay...? (Are there any...?) instead. Also, you may want to substitute safer words for eggs like blanquillos (little white things), or yemas (yolks). See cojones.*

tener huevos *IDIOM (semi-vulgar)* *to be brave. See huevos.*

huevo / huevona *NOUN / ADJECTIVE (derogatory)* *lazy, no-account, good-for-nothing*

huey *NOUN (potentially derogatory)* *an ox, clod, or (worse) a cuckold—an absolute idiot who does not know that his woman is cheating on him, or cannot prevent it due to weakness. The word huey is not necessarily an insult, and is frequently used as a greeting among adolescents. Also, buey or güey.*

I

indio *NOUN (derogatory)* *Indian. This word is often used as an insult in a derogatory and racist manner from one Hispanic to another.*

J

joder *VERB (very vulgar)* *to copulate with by deception; to deceive, to cheat. Often a synonym for chingar.*

jodido *ADJECTIVE (very vulgar)* *messed up , f*cked up.*

jota *NOUN (vulgar)* *female homosexual, lesbian Also: tortillera, mamalona, machua.*

joto *NOUN (vulgar)* *male homosexual, gay man Also: mamalón, maricón, mariposa, pato, picaflor, puto, chupón, culero.*

M

madre *NOUN (not vulgar by itself)* *The word madre is involved in many serious insults in Spanish. The honor of the mother in Latino families is held in the highest regard and defended at all costs. Be careful, because even simple phrases containing the words la madre or tu madre may suggest a crude insult to the hearer. To avoid such accidental allusions use mamá instead. See additional comments under chinga tu madre.*

maldito *ADJECTIVE (not necessarily vulgar)* *damned, infernal, blasted, darned, accursed*

manajar *VERB (very vulgar)* *to copulate. Be extra careful with this word because new learners of Spanish will often confuse it with the common verb manejar, to drive. See the synonyms **chingar, chichar and joder.***

maricón *NOUN (very vulgar)* *male homosexual. See **puto, joto.***

mens@ *NOUN (insulting)* *idiot, fool*
ADJECTIVE (insulting) *stupid, ignorant, foolish.*
*Also: bobo, idiota, imbécil, tonto, **huey**, chiflado, majadero*

¡Come mierda! *DIRECTIVE (very vulgar)* *An extremely vulgar directive: "Eat sh*t!"*

mojado *NOUN (derogatory)* *Literally, "wet", but is used in a derogatory and racist manner; slang for an illegal alien, like the American slang "wetback"*

N

nalgas *NOUN (not necessarily vulgar)* *rear end, buttocks, posterior*

The Most Frequently Used Swear Words by Spanish-Speaking Tourette's Patients

These are the words that Spanish speakers with Tourette's syndrome tend to blurt out most often. Does this hint that they are also the most offensive swear words in the Spanish language? Maybe so. Those suffering from Tourette's are aware of what their societies frown upon, but are not able to control their inappropriate urges. Make sure that you do not use these inappropriately, you #!@% knucklehead!*

**puta, mierda, coño, joder,
maricón, cojones, hijo de puta, hostia**

(Hostia is the Spanish word for "host", the blessed wafer in a Christian communion ceremony. Using the host in an improper manner is a grave act of sacrilege.)
